

Humans and the Cosmos: Exploration and Mindfulness (Paperback)

By Antony Black

AUTHORHOUSE, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.What kind of a universe do we live in? Where do we fit into the galaxies? Does God explain it all? We live in a staggering cosmos which only we understand and appreciate. This book locates us in a cosmic story. We need to bring together science, the humanities, experience and self-awareness. The world revealed by modern science is a source of great wonder. Yet Darwinism makes belief in a loving god virtually impossible. And by our knowledge and appetites we are destroying our habitat by carbon emissions and global warming. Death is a fact of life, but, unless we take drastic action, human life itself will become barely possible. What can we do to save our grandchildren? How can we find happiness without god and without destroying our descendants? We have to learn how to live in a new way. We need to deepen our instincts for reciprocity and compassion. We can learn how to thrive in harsh circumstances with the help of the philosophy, theology and poetry of both East and West. Above all, we need...

Reviews

This is the finest book i have got study till now. It usually does not price a lot of. I found out this publication from my i and dad encouraged this book to understand.

-- **Jamil Collins**

Absolutely among the best book I have possibly go through. I have go through and that i am certain that i am going to gonna read through once again again in the future. I am just delighted to tell you that this is basically the finest book i have got go through within my personal existence and could be he finest book for ever.
