Covey passed away in July 2012, leaving behind an unmatched legacy with his teachings about leadership, time management, effectiveness, success, and even love and family. A multimillion-copy bestselling author of self-help and business classics, Dr. Covey strove to help readers recognize the key elements that would lead them to personal and professional effectiveness. His seminal work, *The 7 Habits of Highly Effective People*, transformed the way people act on their problems with a compelling, logical, and well-defined process. His profound influence spread beyond businesses and individuals and was even integrated into governments, school systems, and many other institutions with great success. This book covers his most impactful topics: time management, success, leadership including principle-centered leadership all of the 7 Habits, love, and family. This powerful collection is a lasting tribute to the inspirational luminary that so many will miss. *** Selected Wisdom from Stephen R.
