Like Machiavellis The Prince and the Japanese Book of Five Rings, Sun Tzus The Art of War is as timely for business people today as it was for military strategists in ancient China. Written in China more than 2, 000 years ago, Sun Tzus classic The Art of War is the first known study of the planning and conduct of military operations. These terse, aphoristic essays are unsurpassed in comprehensiveness and depth of understanding, examining not only battlefield maneuvers, but also relevant economic, political, and psychological factors. Indeed, the precepts outlined by Sun Tzu regularly applied outside the realm of military theory. It is read avidly by Japanese businessmen and was touted in the movie Wall Street as the corporate raiders bible. Providing a much-needed translation of this classic, Lionel Giles has made this powerful and unique work even more relevant to the modern world. Including an explanatory introduction and selected commentaries on the work, this edition makes Sun Tzus timeless classic perfectly accessible to modern readers. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
