Walker, Licensed Clinical Psychologist Ellen L Walker examines the often-ignored question of what it means to be childfree, by choice or by circumstance, in a family-focused society. As a woman who is childfree by choice, Walker draws upon her personal experience while also offering the reader numerous interviews with other childfree adults, revealing behind-the-scenes factors that influenced their personal journeys. She approaches the tough-decision making process of whether or not to have children from a biological, historical, and societal perspective, offering valuable information on: The unique set of problems that childfree adults face simply due to living in a culture that celebrates babies and traditional families; Methods to cope with the pressure to have children from media, family, and friends in a healthy way; How to create balance and approach the leisure time allowed by a childfree lifestyle; and, Financial, health, and personal benefits associated with childfree living. Offering support, guidance, and thought-provoking questions, this is a productive guide for any reader considering the childfree path.
